

**HITP 230 HEALTHCARE REIMBURSEMENT METHODOLOGIES**      3 CREDITS

**SYLLABUS**

---

**CATALOG DESCRIPTION**

This course covers policies, regulations, and standards as they pertain to revenue cycle management. Reimbursement methodologies and regulatory requirements pertaining to the prospective payment system and nomenclatures, health care insurers and contracts, case-mix, and conducting patient billing activities for a variety of healthcare organizations are included. Also included, are basic instructions for filing various types of insurances.

Prerequisites: Faculty Permission Required

Semester Offered: Spring & Summer

***GENERAL EDUCATION STUDENT LEARNING OUTCOMES***

*In the New Mexico General Education Curriculum students take courses in a variety of content areas, which may include Communications, Mathematics, Science, Social and Behavioral Sciences, Humanities, and the Creative and Fine Arts. Specific course requirements depend on your program. All general education courses focus on at least three of these skills. Other courses may also develop these skills.*

*Through these courses, students develop five essential skills:*

**COMMUNICATION**

**QUANTITATIVE REASONING**

**CRITICAL THINKING**

**PERSONAL AND SOCIAL RESPONSIBILITY**

**INFORMATION AND DIGITAL LITERACY**

Student work from this class may be randomly selected and used anonymously for assessment of course, program, and/or general education learning outcomes. For more information, please refer to the Dean of the appropriate School.
