

## **AUBO-265 STRUCTURAL PANEL REPLACEMENT      4 CREDITS**

### **SYLLABUS**

---

#### **CATALOG DESCRIPTION**

This course is a continuation of AUBO-260 with infancies in structural panel replacement. The students will be educated in frame and unibody measuring equipment and their proper use in sectioning procedures. Through theory and practical application, the student will learn how to ID structural components, properly separate sport welds, position and weld new body panels in place.

Prerequisites: AUBO 260

Semester Offered: Fall & Spring

#### ***COMMON STUDENT LEARNING OUTCOMES***

*Upon successful completion of San Juan College programs and degrees, the student will demonstrate competency in...*

##### **BROAD AND SPECIALIZED LEARNING**

Students will actively and independently acquire, apply, and adapt skills and knowledge with an awareness of global contexts.

##### **CRITICAL THINKING**

Students will think analytically and creatively to explore ideas, make connections, draw conclusions and solve problems.

##### **CULTURAL AND CIVIC ENGAGEMENT**

Students will act purposefully, reflectively, and ethically in diverse and complex environments.

##### **EFFECTIVE COMMUNICATION**

Students will exchange ideas and information with clarity in multiple contexts.

##### **INFORMATION LITERACY**

Students will be able to recognize when information is needed and have the ability to locate, evaluate, and use it effectively.

##### **INTEGRATING TECHNOLOGIES**

Students will demonstrate fluency in the application and use of technologies in multiple contexts.

Student work from this class may be randomly selected and used anonymously for assessment of course, program, and/or institutional learning outcomes. For more information, please refer to the Dean of the appropriate School.

#### **COURSE LEARNING OUTCOMES**

*Upon successful completion of the course, the student will be able to...*

1. To equip the student with the necessary information required to safely and correctly use all essential equipment when diagnosing structural damage.

A copy of this approved syllabus is on file in the dean's office.  
Updated 12/14/18

2. To provide the students with the hands-on experience necessary to perform structural panel removal and installation.
