## Participation and Attendance Policy

### Drop for Non-Attendance

Students are expected to complete at least one course assignment before the 2nd Friday of the semester. If no assignments are completed by this time, San Juan College will drop students from currently enrolled sections for Non-Attendance. Students will still be responsible for payment of tuition and fees.

Financial Aid will not be awarded for classes that are dropped for non-attendance. Being dropped and losing Financial Aid does not negate your financial obligation to pay for these classes. Should you have any questions, please contact Enrollment Services or Financial Aid. Remember, if you do not plan to attend, please drop your classes before the first day of class.

### Course Participation

Students are expected to participate regularly and submit all course assignments, based on the course guide definition. In this course, a student who does not submit two consecutive assignments, without consulting the instructor, may be considered as having abandoned the course and a note will be entered into Self-Service and the Registrar's Office will take appropriate action. Logging into the course does not meet the attendance standard.

Students who fail to meet participation expectations will have their last date of attendance recorded in Self-Service. This date will be used to recalculate any financial aid received/veteran's benefits received, and the student may be required to repay the institution/government. If the student does not drop the course, an 'X' grade will be recorded. An 'X' grade impacts the grade point average the same as an 'F'.

## Inclement Weather Information

Students will receive notification of class delays and cancellations due to inclement weather via the SJC SunsAlert and SJC student email. Face-to-face classes will not meet in person; however, students are advised to check with instructors about alternative meeting options, as some may

choose to meet via zoom. Hybrid classes will meet as scheduled via zoom. For questions regarding your class delay or cancelation, please contact your instructor. If you have not already done so, [Sign up for SJC SunsAlert](#) to stay up to date on weather alerts.

## Canvas Participation and Expectations

Students should log into the course **daily** to check for announcements and should also check their Canvas and SJC email daily. All assignments have associated due dates and no late work will be accepted, unless prior approval is obtained BEFORE the assignment due date! The decision to accept late work is at the instructor's discretion and documentation of a valid excuse must be provided upon request. If students have problems or questions concerning the course or course expectations, they are expected to contact their instructor in a timely and professional manner.

## Instructor Response Times & Regular Interaction Expectations

- Students may expect to have their assignments graded and the grades posted within 5 working days after the assignment closes. Feedback will be provided directly on assignments, quizzes, and exams as appropriate for that assignment. Be sure to review any submission comments or annotations left by the instructor after the instructor has graded your assignment.
- Instructors should answer student e-mails and phone calls within 24-48 hours of receipt during the normal work hours.
- Email is typically the easiest method of contact, however, phone calls are also accepted during office hours and/or by appointment. Zoom calls are also available by appointment. Text messages are not accepted.
- Students can expect weekly announcements or messages via Canvas or your SJC student email. It is the student's responsibility to check regularly for announcements or messages.

## Course Time Commitment

Students should expect to spend 6 to 8 hours per week to complete this class.

## Grading

**Final grades are based on the following:**

Three Exams (100 points each) = 300 points

Seven Chapter Quizzes (20 points each) = 140 points

Two Discussion Board Assignments (20 points each) = 40 points

Three Workbook Quizzes (25 points each)=75 points

One Equine Case Study (20 points)=20 points

Total Points Possible for the class = 575

575 points to 517 points = A

516 points to 460 points = B

459 points to 403 points = C

402 points and less = F

The chapter quizzes and exams may be taken twice, and the highest grade is the one that will be kept. Workbook Quizzes and the Equine Case Study may be submitted once. Chapter quizzes and exams are NOT open book, notes, etc. Use of any books, notes, internet searches, etc is considered cheating and a zero will be awarded for the quiz or exam. Due dates and instructions are posted within each weekly module. All assignments are due by 11:59 pm MST on their posted due date and late work is not accepted unless it is a documented emergency (ie medical, natural disaster, etc) and/or you have contacted the instructor to request an extension beforehand. Extensions are granted sparingly and are at the discretion of the instructor. All quizzes, exams, and assignments are open from the beginning of the semester but **close within 3 days of the due date** and will not be reopened. ***The exceptions to the 3 day rule are: the discussion boards and the final exam. They will close on the posted due date and will not be reopened due to their time sensitive nature. No make up work or extensions can be given for these 3 assignments.*** If you know you will be out of town or have a busy week, please feel free to work ahead as needed to avoid missing deadlines.

## Key Dates to Remember

If you have experienced sexual harassment, sexual assault, or any other form of protected class discrimination, we encourage you to make a report. ## **7. Drop for Non-Attendance and/or Non-Participation**

### **Class Attendance and Participation Expectation:**

Face-to-Face -- Students are expected to attend and participate in class regularly. Any student missing more than 10% of consecutive class time, (For example, in a regular 15-week class that meets twice a week, this equates to the student missing 3 consecutive classes) without consultation with the instructor may be considered as having abandoned the course.

On-line -- Students are expected to participate regularly and submit all course assignments, based on the course guide definition. A student who does not submit any assignments during a consecutive 10% of the course (1.5 weeks of a 15-week semester) without consulting the instructor, may be considered as having abandoned the course. Logging in does not meet the attendance standard.

Competency-Based Education Classes -- Students are expected to have regular and substantive interactions with their instructor and to actively work on course content. A student who has not submitted coursework, nor had substantive interactions with the instructor over a consecutive 10% of the term, without the instructor's prior approval, will be considered to have abandoned the competency progression. Last date of attendance will be recorded as the last date that coursework was submitted or that the student met with the instructor. For on-line learners, logging in does not meet the attendance standard.

### **Failure to Meet Class Participation Expectation:**

Students who fail to meet participation expectations will have their last date of attendance recorded. This date will be used to recalculate any financial aid received/veteran's benefits received, and the student may be required to repay the institution/government. If the student does not drop the course, an 'X' grade will be recorded. An 'X' grade impacts the grade point average the same as an 'F'.

## **8. Grading Policies**

### **Incomplete: Incomplete Grade Assignment ([Incomplete Grades Information](#))**

The grade of I (Incomplete) is given for passing work that could not be completed during the semester because of circumstances beyond the student's control. Ordinarily, the assignment of an I is given by the course instructor at the time final grades are due.

In no case is an I grade to be used to avoid assignment of D or F grades for marginal or failing work or to require a student to enroll in the class the next semester because work was not completed on time. Circumstances warranting the issuance of an I grade must be beyond the student's control and must be documented on the appropriate form prior to approval.

I grades can be removed only during the subsequent 16 weeks from the end of term, or within the time limit set by the instructor. Removal of an I is accomplished by completing the work in a manner acceptable to the instructor. Re-enrollment in the course under the repeat option does not remove the prior grade of I. Students should not re-enroll for the course. An I not made up within 16 weeks or within the time limit set by the instructor will change to an F grade thereafter and cannot be changed by work completion.

## **9. Grade Appeals**

The policy for grade appeals is in the Academic Catalog ([Grade Appeal Policy](#)).

## **Student Handbook**

The Student Handbook provides information on Student support, student organizations, and San Juan College policies.

[Student Handbook](#)

## **Online Course Fee**

Online Courses - San Juan College requires all online courses to include some form of assessment to demonstrate the mastery of course objectives. This could include exams, capstone projects, e-portfolios, presentations, final papers or other appropriate assessments. The use of a proctoring platform, plagiarism detection software or other method to ensure that assessments are completed by the enrolled student is required.

A course fee of \$5.00 is assessed for all online courses at San Juan College to cover the cost of the above services. Students who are required to take a proctored exam and choose to use a physical testing center outside the SJC Testing Center or SJC Disability Services will be responsible for the cost of using that center.
