Course Information

Meeting times and location: section meeting_times section location

Catalog description: The second half of a two semester algebra- based introduction to Physics. This course covers electricity, magnetism and optics.

Prerequisites: PHYS-1230(PHYS-211)

Terms offered: On Demand

Section-specific Course Description:

Course Level Objectives

Upon completion of this course, the student will be able to:

1. State Coulomb's Law and Gauss's laws and apply them.
2. Apply the concepts of electric charge, electric field and electric potential to solve problems.
3. Analyze simple DC and AC circuits.
4. Apply the Lorentz force to solve problems.
5. Apply Faraday's law of induction (and Lenz's law) to solve problems.
6. Apply ray optics to practical lens systems such as microscopes and corrective lenses.
7. Apply the wave nature of light to the phenomena of reflection, refraction, and diffraction.

Optional Student Learning Outcomes

1. Describe the fundamental properties of periodic motion.
2. Explain and apply the basic concepts of sound and wave motion.

3. Explain the basic concepts of heat and thermodynamics.
4. Explain the basic concepts of quantum theory and special relativity.

General Education Student Learning Outcomes

This course meets the requirements set forth by the state of New Mexico for a general education course that is transferable to any public institution of higher education in New Mexico. Each general education course addresses three essential skills as outlined in the table below.

| General Education Content Area | Essential Skills Associated with the Content Area |
|---------------------------------------|---|
| Communication | Communication, Critical Thinking, Information & Digital Literacy |
| Creative and Fine Arts | Communication, Critical Thinking, Personal & Social Responsibility |
| Humanities | Critical Thinking, Information & Digital Literacy, Personal & Social Responsibility |
| Mathematics | Communication, Critical Thinking, Quantitative Reasoning |
| Science | Critical Thinking, Personal & Social Responsibility, Quantitative Reasoning |
| Social & Behavioral Sciences | Communication, Critical Thinking, Personal & Social Responsibility |

For further information on the Essential Skills, visit the [General Education Essential Skills](#) page.

Required Texts and/or Materials

Physics w/Mastering Physics

9780321869661

Douglas C. Giancoli

Pearson

2018-02-21

Mastering Physics is a web based supplement that comes with your text book. The website will be used to access and submit homework assignments. You are required to register to the website through your Canvas site before the end of the second week of classes.

Required Technology and Software

- Canvas
- Chrome, Safari, or Firefox

Technical Support

Technical support is available through the San Juan College Help Desk 24/7/365. The help desk can be reached at 505-566-3266 or by creating a ticket at [San Juan College Help Desk](#).

For tickets and password reset: [San Juan College Help Desk](#)

For Canvas support information: [Canvas Support](#)

Accessibility/Privacy Policies for all Technology Tools Used

[Accessibility/Privacy Policies for all Technology Tools Used](#)

Course Requirements

MyLab & Mastering Physics : Homework assignments are accessed and graded through your Mastering Physics web site. Remember, learning physics requires a daily commitment to homework and failure to do so will yield disastrous results.

In Class Homework: Occasionally you will need to submit a solution to a homework problem directly to your instructor for a grade. The results must be presented on one side of 8 ½ x 11 inch paper with no more than two problems per page. Each problem should be clearly labeled (I.e. Chp.1- Prob. 24), include the original statement of the problem, contain diagrams when appropriate, and have clear and concise solutions. Your grades will be based on proper solutions as well as the transparency of the results.

Instructor Exams: Approximately every week you will be given a short exam related to homework problems or concepts presented in lectures. The exams will be given at the beginning class and will last approximately 15-30 minutes. These exams will be used to determine a significant proportion of your grade therefore you should take them seriously. You will be allowed to drop the two of your lowest exams at the end of the semester.

Final Exam: There will be a comprehensive final exam at the end of the semester.

COVID Safe Practices for Being on Campus

Masks / cloth face coverings must be worn while on campus in accordance with the New Mexico public health order. If you feel that you cannot wear a mask due to health complications, please contact Disabilities Services: disabilityservices@sanjuancollege.edu or call (505) 566-3271. Hand sanitizer stations are at all building entrances, please “wash in, wash out”--clean your hands when you enter and before you leave. Classrooms and labs have been arranged to allow for social distancing; please respect your classmates and instructors by staying 6 feet away from everyone. You will be expected to disinfect your table or area prior to class and after class, cleaning products will be provided for this purpose. Check with your instructor for specific policies for their course. Please do not congregate in hallways or common areas, instead utilize our beautiful outside spaces and weather to visit with your friends and colleagues from a safe distance.

If you have been in contact with anyone who has tested positive for COVID-19, has symptoms, or is waiting on test results, contact your instructor and DO NOT come to class. If you have tested positive, have symptoms or are waiting on test results, contact your instructor and DO NOT come to class. Your health care provider or the assigned contact tracer will let you know when it is safe for you to be around others.

Student Support

Student Services and Support

The Student Support webpage provides information on counseling, tutoring, technical support, and many other support services available to San Juan College students.

Participation and Attendance Policy

Regular attendance is important for success in a physics class. Instructors expect students to attend class, be on time, and to notify instructors if they will be absent. In class, students are expected to participate in discussions and group problem-solving.

Other Classroom Policies and Expectations

Unless your instructor has given you approval, your cell phone must be turned off and put away for the duration of the class. During lecture, you will not be allowed to leave the classroom to make or receive cell phone calls. Students, that violate these rules or check email and other non-course materials on a computer during class, will be asked to leave the class immediately and will not be allowed to return until the next class meeting. This policy will be strictly enforced.

Canvas Participation and Expectations

Students are expected to log into Canvas at least twice a week to access Pearson Mastering Physics, check grades, and check for messages from the instructor.

Instructor Response Time

Monday through Thursday the instructor will respond within 48 hours, usually sooner. Friday through Sunday, the instructor may not respond until Monday. The instructor will typically grade and return work within 7 days.

Course Time Commitment

For every hour you spend in class for a face to face class, you should expect to spend 2 - 3 hours outside of class on work for class. That means that in this 3 credit class you should spend at least 6 - 9 hours outside class every week on work. For online sections of this course, you should plan to spend 9 - 12 hours per week.

Grading

Final grades are calculated based on the following...

| Category | Weight |
|-------------------|--------|
| Instructor Exams | 60% |
| Mastering Physics | 20% |
| In Class Homework | 10% |
| Final Exam | 10% |

Grading Scale

(X = Percentage points earned.)

$$A = X > 90$$

$$B = 90 > X > 80$$

$$C = 80 > X > 70$$

$$D = 70 > X > 60$$

$$F = X < 60$$

Key Dates to Remember

[Full Academic Calendar](#)

Course Schedule

Exact schedule with due dates will be determined by instructor. See Course Requirements for general information on assignment expectations.

College Policies

The following information also applies to your work in this class. If you have special needs for campus emergency situations, please inform me immediately.

1. Academic Accommodations - American with Disabilities Act (ADA)

If you believe you need academic accommodations due to physical or learning disabilities, you are encouraged to inform them as soon as possible. The coordinator can work with you in verifying your disabilities and developing accommodation strategies. Please go to [Disability Services Office](#), click the button for "Request for Services" and complete all the steps.

You can also contact the college's disability coordinator in the Advising/Counseling Center at 566-3271 or disabilityservices@sanjuancollege.edu. More information is available on the website listed above.

2. The Family Educational Rights and Privacy Act (FERPA)

Your personal information and grade are confidential. Aside from routine reporting to the college required for this course, I will not share such information with anyone unless I have your permission.

3. Academic Honesty Rules

San Juan College expects all students to adhere to the [Academic Honesty Rules](#) as posted online. These are the official guidelines for all classes at San Juan College (July 2006).

4. Student Conduct Statement

College is preparation for professional opportunities, and professional conduct is expected in courses, including online classes, as well as any written communications, and interactions with members of the college community. As part of our learning community, students are expected to interact and communicate in a mature, respectful, thoughtful, and supportive manner. Students who demonstrate disrespectful, hostile, belittling, bullying or other disruptive behavior will be subject to potential consequences and possible dismissal from the college. The college will take appropriate action when students demonstrate threatening behavior (to others or self). Students should refer to the Code of Conduct in the Student Handbook for additional information.

5. Student Safety

Keeping students safe is a priority, and part of that is ensuring that we have the ability to communicate emergency messages – whether for school closures due to weather or for more or urgent situations. Rave is San Juan College's emergency messaging system. Through your SJC student email, you will automatically receive email messages, however, it is also vital that you receive text messages. In order to receive the messages, you must register in a simple process with [Rave](#). When registering, please make sure that your mobile status is "confirmed."

The Department of Public Safety is available 24 hours per day. In an emergency, they can be accessed by calling 215-3091 or 566-3333.

In the event of an emergency, a Rave message will be sent, and depending on the situation, you will be instructed to do one of the following:

- Evacuate the building
- Shelter in place (Campus doors are locked, and operations continue as normal. During this situation, no one other than law enforcement is allowed in or out of the campus.)
- Lockdown (Campus doors are locked. All operations cease, and you should take cover in your immediate area. No one other than law enforcement is allowed in or out of the campus.)

6. Non-Discrimination, Sexual Harassment, and Retaliation.

San Juan College does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, genetic, veteran's status, or on the basis of any other category protected under federal, state and local laws. If you have experienced sexual harassment, sexual assault, or any other form of protected class discrimination, we encourage you to make a report. If you report to a faculty member, she/he/they are obligated by policy to share knowledge, notice, and/or reports of harassment, discrimination, and/or retaliation with the Title IX Coordinator. These disclosures include but are not limited to reports of sexual assault, dating/domestic violence, and stalking. You may also make a confidential report to a SJC Counselor. Please refer to San Juan College's [Title IX](#) site for further details.

San Juan College's Title IX Coordinator is Stacey Allen, Assistant Director of Human Resources/Equity, Diversity, and Inclusion Officer. The office is located at the Educational Services Center Building, 2nd Floor, Human Resources, Room 4243 at (505) 566-3515 or allens@sanjuancollege.edu.

7. Drop for Non-Attendance and/or Non-Participation

Class Attendance and Participation Expectation:

Face-to-Face -- Students are expected to attend and participate in class regularly. Any student missing more than 10% of consecutive class time, (For example, in a regular 15-week class that meets twice a week, this equates to the student missing 3 consecutive classes) without consultation with the instructor may be considered as having abandoned the course.

On-line -- Students are expected to participate regularly and submit all course assignments, based on the course guide definition. A student who does not submit any assignments during a consecutive 10% of the course (1.5 weeks of a 15-week

semester) without consulting the instructor, may be considered as having abandoned the course. Logging in does not meet the attendance standard.

Competency-Based Education Classes -- Students are expected to have regular and substantive interactions with their instructor and to actively work on course content. A student who has not submitted coursework, nor had substantive interactions with the instructor over a consecutive 10% of the term, without the instructor's prior approval, will be considered to have abandoned the competency progression. Last date of attendance will be recorded as the last date that coursework was submitted or that the student met with the instructor. For on-line learners, logging in does not meet the attendance standard.

8. Failure to Meet Class Participation Expectation:

Students who fail to meet participation expectations will have their last date of attendance recorded. This date will be used to recalculate any financial aid received/veteran's benefits received, and the student may be required to repay the institution/government. If the student does not drop the course, an 'X' grade will be recorded. An 'X' grade impacts the grade point average the same as an 'F'.

9. Grading Policies

Incomplete: Incomplete Grade Assignment ([Incomplete Grades Information](#))

The grade of I (Incomplete) is given for passing work that could not be completed during the semester because of circumstances beyond the student's control. Ordinarily, the assignment of an I is given by the course instructor at the time final grades are due

In no case is an I grade to be used to avoid assignment of D or F grades for marginal or failing work or to require a student to enroll in the class the next semester because work was not completed on time. Circumstances warranting the issuance of an I grade must be beyond the student's control and must be documented on the appropriate form prior to approval.

I grades can be removed only during the subsequent 16 weeks from the end of term, or within the time limit set by the instructor. Removal of an I is accomplished by completing the work in a manner acceptable to the instructor. Re-enrollment in the course under the repeat option does not remove the prior grade of I. Students should not re-enroll for the course. An I not made up within 16 weeks or within the time limit set by the instructor will change to an F grade thereafter and cannot be

changed by work completion.

10. **Grade Appeals**

The policy for grade appeals is in the Academic Catalog.([Grade Appeal Policy](#))

Student Handbook

The Student Handbook provides information on Student support, student organizations, and San Juan College policies.
