

SURG 245 Surgical Procedures I Section Name Section Credit Hours Credits

Syllabus

Course Information

Meeting times and location: section meeting_times section location

Catalog description: Course is designed to prepare students for surgical procedures including the review of surgical anatomy, physiology, pathophysiology, relevant equipment, supplies, and techniques regarding general surgery, endoscopic surgery, gynecological and obstetrical surgery, genitourinary surgery, and otorhinolaryngological surgery (ear, nose and throat), diagnostic procedures and relevant equipment, supplies, and techniques.

Prerequisites: Take SURG-229, SURG-230, SURG-233, SURG-234, SURG-235, SURG-244;

Terms offered: Fall and Spring

Section-specific Course Description:

Course Level Objectives

Students will be introduced to the ethics, language, technique and instrumentation in the profession of Surgical Assisting. According to the Core Curriculum, "the learner will:

1. Correlate the relevant advanced surgical anatomy to the surgical procedure.
2. Associate the relevant pathophysiology to the surgical procedure.
3. Analyze the specific patient care factors the surgical assistant should coordinate with the surgical team.
4. Discuss the intraoperative role and duties of the surgical assistant according to the procedure being performed.
5. Discuss the postoperative care of the surgical wound.

Required Texts and/or Materials

Alexander's Care of the Patient in Surgery

9780323479141

Jane C. Rothrock

2018-02-23

SCHWARTZ'S PRINCIPLES OF SURGERY 2-volume set 11th edition

9781259835377

F. Charles Brunicaardi, Dana K. Andersen, Timothy R. Billiar, David L. Dunn,
John G. Hunter, Lillian Kao, Jeffrey B. Matthews, Raphael E. Pollock

McGraw Hill Professional

2019-05-29

Required Technology and Software

- Canvas
- Chrome, Safari, or Firefox

Course Requirements

Students will do the following activities:

- Have required textbooks and workbooks, packets, lab supplies listed under required textbooks.
- Complete and submit written assignments by announced due dates.
- Take all examinations and quizzes on the dates administered. Make up exams will be given only under certain circumstances with a reduction in the grade by 10%.
- Participate in class and lab discussions and activities.
- Maintain professional behavior
- Follow safety procedures and guidelines.

- Participate in required Zoom meetings with Instructor every 3 weeks throughout program.
- Read and verify understanding of San Juan College, Surgical First Assist Student Handbook.

Grading

Final grades are calculated based on the following...

Discussion Board

Students will be given discussion topic or article weekly. They will be responsible for answering a question in the Discussion Board setting by the Friday at midnight and responding to a fellow student's answer by the due date and time noted under the Assignment.

Exams

Weekly written exams be given during the course of the semester. Each written exam covers the material from the lectures and reading assignments given prior to the exam. The Final Exam will be a collaboration of all information taught throughout the semester.

Grades will be available, any time throughout the semester utilizing the GRADE tab listed in Canvas.

Weighed grading

What does it mean to weight a grade? When grades are weighted, some assignments (e.g. Final Exam) or categories of assignments (e.g. Quizzes) count more than others.

Why not just assign more points to the things that are harder? In a perfect world this would work. However, there is far more flexibility in weighting grades. If an instructor decides that quizzes should make up 25% of the total points in a course, it doesn't matter whether there is 1 quiz, 5 quizzes or, heaven forbid, 50 quizzes. The total points earned for the quizzes still makes up 25% of the final grade. If an instructor decides to increase or decrease the workload based on the particular needs of any group of students, weighted grades make that easy. In a scenario where grades are weighted by category and the number of assignments in a category changes, no changes to the course points or course guide would be necessary. If, on the other hand, the point system was used, and a change to the course assignments is needed, the total points for the class would change and the course guide would need to be updated.

How are the points for a weighted item calculated? Multiply each score over the total points possible by the weight. For example, the midterm is worth 100 points. If you earned 90/100 the calculation would be $.25(90/100) = .225$. Expressed as a percent, you earned 22.5%

Grading Scale:

A = 90% or higher

B = 80–89

C = 70–79

D = 60–69

F = 59 or below.

Course Time Commitment

Students should expect to spend 18-24 hours or more per week for course work of class to be successful in this program.

Canvas Participation and Expectations

Because assignments and notifications are posted in Canvas, you should check into Canvas daily Monday-Sunday. Majority of communications will be through San Juan College email and/or Canvas email.

Participation and Attendance Policy

Participation and Attendance Policy

Participation in didactic and lab is an integral part of student learning. When a student misses more than three days of didactic and lab then this interferes with the student's ability to understand the material. Attendance will be documented throughout this course.

On-line – Students are expected to participate regularly and submit all course assignments, based on the course guide definition. A student who does not submit any assignments during a consecutive 10% of the course (1.5 weeks of a 15-week semester) without consulting the instructor, may be considered as having abandoned the course. Logging in does not meet the attendance standard.

Competency-Based Education Classes – Students are expected to have regular and substantive interactions with their instructor and to actively work on course content. A student who has not submitted coursework, nor had substantive interactions with the instructor over a consecutive 10% of the term, without the instructor's prior approval, will be considered to have abandoned the competency progression. Last date of attendance will be recorded as the last date that coursework was submitted

or that the student met with the instructor. For on-line learners, logging in does not meet the attendance standard.

Failure to Meet Class Participation Expectation:

Students who fail to meet participation expectations will have their last date of attendance recorded. This date will be used to recalculate any financial aid received/veteran's benefits received, and the student may be required to repay the institution/government. If the student does not drop the course, an 'X' grade will be recorded. An 'X' grade impacts the grade point average the same as an 'F'.

Instructor Response Times & Regular Interaction Expectations

Email and phone calls daily (Monday-Friday) but expect that in some circumstances it may take up to 24 hours to get a response. Scheduled assignments will be graded by the end of each week.

The preferred method of contact for all other reasons is email. You will receive a response within 24 hours, sometimes sooner.

Emails are checked three times a day. Morning, Afternoon, and Evenings. Also on weekends.

If you need immediate assistance, we may not be available due to clinical schedules or other issues.

You may attempt to reach us by phone or text, however, we advise you to plan ahead. Again, the maximum response time is 24 hours.

In addition, please be aware that if you send an email from CANVAS, the response may return to your SJC Student email address. Therefore, it is advised that you regularly check you SJC email. Please allow a minimum of 24 hours for a response.

Key Dates to Remember

[Full Academic Calendar](#)

Course Schedule

Weekly Table

Date	Topic Outline/ Content	SACC	

Week 1 Chapter 1	Read Chapter 1 Basics overview Introduce Yourself Discussion Discussion 1 Protecting your back Chapter 1 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Review Regional, system, and clinical anatomy. Positions, plans movement, Diagnostic surgical procedures pathology	ADV.SA	
Week 2 Chapter 2	Lecture Video Canvas Read Chapter 2 Back Case study 2-1 discussion Chapter 2 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Identify Back and Vertebral Column, Structure and function, muscles and triangles, spinal nerves and roots, meninges and CSF vascular, Diagnostic surgical procedures pathology	ADV.SA	
Week 3 Chapter 3 Upper Limb	Lecture Video Canvas Read Chapter 3 Upper Limb Case Study 3-7 discussion Chapter 3 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Identify Bones of the upper limb, lymphatics, regions, axio-appendicular, axilla, vasculature, nerves, and joints, Diagnostic surgical procedures pathology	ADV.SA	

Week 4 Chapter 4 Thorax	Lecture Video Canvas Read Chapter 4 Thorax Case Study 4-1 auscultation discussion Discussion Brachial Plexus injury Chapter 4 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Review Thoracic wall, apertures, muscles, fascia nerves, vasculature, the Breast, Thoracic cavity pleurae, lungs tracheobronchial tree, Overview if the Mediastinum, heart, Diagnostic surgical procedures pathology	ADV.SA	
Week 5 Chapter 5 Abdomen	Lecture Video Canvas Read Chapter 5 Abdomen Case study 5-7 Laparoscopic Cholecystectomy Discussion Chapter 5 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Discuss Abdominal Regions, Anterolateral Fascia, muscles, neurovascular, inguinal region, spermatic cord, scrotum, testes. 2. Review Peritoneum and cavity, Abdominal viscera and digestive tract, arterial supply, Biliary ducts and gallbladder, kidneys ureters, suprarenal glands, Small and Large intestine diaphragm and apertures. 3. Identify posterior abdominal wall muscles, nerves and vessels, diagnostics, surgical procedures, pathology	ADV.SA	

Week 5 Chapter 6 Pelvis and Perineum	Lecture Video Canvas Read Chapter 6 Pelvis and Perineum Case Study 6-14 Hypospadias Discussion Chapter 6 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Discuss Pelvis and Perineum Bones and pelvic girdle, joints and ligaments, walls and floor, muscles. 1. Identify fascia neurovascular structures lymph nodes, pelvic nerves, urinary organs, rectum, Male and Female genital organs. 2. Discuss Diagnostic surgical procedures and pathology	ADV.SA	
Week 6 Chapter 7 Lower Limb	Lecture Video Canvas Read Chapter 7 Lower Limb Case Study 7-1 Popliteal Fossa Discussion Chapter 7 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Recognize Lower Limb development, Bones Fascia, veins lymphatics, nerves, thigh muscles, neurovascular. 2. Identify structures of Gluteal anterior and posterior, Popliteal fossa and leg, Foot, joints. 3. Discuss Diagnostic Surgical procedures and Pathology	ADV.SA	

Week 6 Chapter 8 Head	Lecture Video Canvas Read Chapter 8 Head Case Study 8-2 Fracture Discussion Chapter 8 Quiz Friday 11:59pm- Sunday 11:59 pm 1. Review Cranium, Cranial Cavity, Regions of the head. 2. Identify muscles of the face and scalp, nerves, vasculature, Meninges, Brain parts. 3. Discuss ventricular blood supply drainage. 4. Identify Eye orbit region, Parotid, temporal infratemporal. 5. Review TMJ, Oral region, Pterygopalatine fossa. 6. Discuss Diagnostic surgical procedures and pathology.	ADV.SA	
Week 7 Chapter 9 Neck Chapter 10 Cranial Nerves	Lecture Video Canvas Read Chapter 9 Neck Case Study 9-4 Thyroidectomy Discussion Quiz Chapter 9 Friday 11:59pm- Sunday 11:59 pm 1. Identify Bones of the Neck Fascia of the neck. 2. Review deep and superficial structures, cervical regions, Viscera of the neck. 3. Review Lymphatics, diagnostic surgical procedures and pathology Chapter 10 Cranial Nerves Chapter 10 Quiz Friday 11:59pm- Sunday 11:59 pm	ADV.SA	
Week 8	FINAL Surg 230

Program Handbook

Program handbook is provided to each student upon acceptance into the program. Each student will have signed copies kept within their personal file.

Technical Support

Technical support is available through the San Juan College Help Desk 24/7/365. The help desk can be reached at 505-566-3266 or by creating a ticket at [San Juan College Help Desk](#).

For password reset and and Canvas support, visit the [Student Technology Guide](#) website.

Accessibility/Privacy Policies for all Technology Tools Used

[Accessibility/Privacy Policies for all Technology Tools Used](#)

Student Support

At San Juan College, we are committed to supporting your academic success and overall well-being. We recognize that college life can be challenging and stressful, impacting both learning and personal health. We are here to help you succeed.

Academic Support and Resources

We provide a range of academic support services to help you stay on track on your educational journey. Free resources include tutoring, computer loans, life skills workshops, and so much more. Visit

the [Academic Support and Resources](#) webpage to learn more about support and resources available through Academic Advising, the Tutoring Center, the Student Resource Center (formerly Student Achievement Center) and the Testing Center.

Student Support and Resources

If you or someone you know could benefit from counseling, accessibility services, career exploration, veteran transitional assistance, or any of our other support services, visit the [Student Support and Resources](#) webpage where you'll find detailed information about various resources available to you as an SJC student.

We encourage you to take advantage of these free resources to enhance your college experience and ensure your success.

College Policies and Resources for Current Students

The [Student Handbook](#) provides information on student support, student organizations, and student conduct policies at San Juan College.

The San Juan College catalog outlines the [Academic Policies](#) students need to know.

Healthy and Safe Practices for Being on Campus

We want a healthy and safe campus for students, faculty, staff, and guests.

Contagious diseases and your responsibility:

If you have COVID-19 symptoms, fever, flu or even the common cold, you should stay home. Do not come to campus if you are feeling sick. Contact your instructor about missing class (and review your instructor's policies on missed or late work). Being sick does not necessarily excuse you from completing your work on time.

Safety on campus and your responsibility:

If you are on campus and experience or witness an emergency, call 9-1-1 first and then the Department of Public Safety at 505-566-3333 (or just 3333 if calling from a campus phone).

When you are on campus, be aware of your surroundings. If you need an escort to your vehicle, call 505-566-4444 (DPS non-emergency line) or 505-215-3091 (officer on duty line).

The College will send information for campus emergencies through SJC AlertAware, email and the webpage. Stay informed and stay safe.

Inclement Weather Information

Students will receive notification of class delays and cancellations due to inclement weather via the SJC AlertAware and SJC student email. Face-to-face classes will not meet in person; however, students are advised to check with instructors about alternative meeting options, as some may choose to meet via zoom. Hybrid classes will meet as scheduled via zoom. For questions regarding your class delay or cancelation, please contact your instructor.

Online Course Fee

Online Courses - San Juan College requires all online courses to include some form of assessment to demonstrate the mastery of course objectives. This could include exams, capstone projects, e-portfolios, presentations, final papers or other appropriate assessments. The use of a proctoring platform, plagiarism detection software or other method to ensure that assessments are completed by the enrolled student is required.

A course fee of \$5.00 is assessed for all online courses at San Juan College to cover the cost of the above services. Students who are required to take a proctored exam and choose to use a physical testing center outside the SJC Testing Center or SJC Disability Services will be responsible for the cost of using that center.
