Catalog description: The screening evaluation, eligibility and re-evaluation process for students with special needs. There is special emphasis on the Process of Special Education in the public schools, including referral, assessment, determining eligibility, instructional interventions and evaluation of student progress. Students learn about developing Individual Education Plans, writing goals and objectives, and the legal mandates for serving students with disabilities. A primary focus of the course is considering special education in the context of inclusive schooling. This course includes a structured 10-hour field component.

Terms offered: Summer Only

Section-specific Course Description:

Course Level Objectives

Student Learning Outcomes:

The student learning outcomes for this course (from the NM Higher Education Department) are:

1. Identify screening, referral, evaluation, re-evaluation, and eligibility procedures and apply this knowledge to enhance learning for all students.
2. Develop and utilize various types of student assessments including informal and non-standardized tests, norm referenced tests, and criterion-referenced tests.
3. Design and evaluate successful timelines and procedures for IEP implementation.
4. Articulate the importance of collaboration between the special education teacher and the classroom teacher.

Alignment of Student Learning Outcomes with Professional Standards

To ensure that our program meets accreditation guidelines and to demonstrate the alignment of our student learning outcomes with recognized professional standards, we have mapped each outcome to relevant standards set by the New Mexico Public Education Department (NM-PED), the Interstate Teacher Assessment and Support Consortium (InTASC), the Council for the Accreditation of Educator Preparation (CAEP), and the Association for Advancing Quality in Educator Preparation (AAQEP). This alignment ensures that our coursework prepares students for professional excellence and meets the rigorous expectations of the teaching profession.

The student learning outcomes for this course align with these standards:

Course Requirements

Students will do the following activities:

Grading

All of your course requirements are graded using points. At the end of the course, the points are converted to a letter grade using the scale below.

A = 90% - 100%; B = 80% to 89%; C = 70% to 79%; D = 60% to 69%; F = below 50%

Students (Teacher Candidates) participating in the Alternative Licensure Program must receive a grade of a C or higher in this course.

Final grades are based on the points earned throughout the course and are not rounded to the next higher letter grade.

Assignments will be uploaded to canvas for grading. Assignments are to be submitted to CANVAS by 11:59pm on the date they are due, unless otherwise noted in the syllabus

Specific guidelines and the point scale for each assignment are available on Canvas.

Healthy and Safe Practices for Being on Campus

We want a healthy and safe campus for students, faculty, staff, and guests.

Contagious diseases and your responsibility:

If you have COVID-19 symptoms, fever, flu or even the common cold, you should stay home. Do not come to campus if you are feeling sick. Contact your instructor about missing class (and review your instructor's policies on missed or late work). Being sick does not necessarily excuse you from completing your work on time.

Safety on campus and your responsibility:

If you are on campus and experience or witness an emergency, call 9-1-1 first and then the Department of Public Safety at 505-566-3333 (or just 3333 if calling from a campus phone).

When you are on campus, be aware of your surroundings. If you need an escort to your vehicle, call 505-566-4444 (DPS non-emergency line) or 505-215-3091 (officer on duty line).

The College will send information for campus emergencies through SJC AlertAware, email and the webpage. Stay informed and stay safe.

Inclement Weather Information

Students will receive notification of class delays and cancellations due to inclement weather via the SJC AlertAware and SJC student email. Face-to-face classes will not meet in person; however,

students are advised to check with instructors about alternative meeting options, as some may choose to meet via zoom. Hybrid classes will meet as scheduled via zoom. For questions regarding your class delay or cancelation, please contact your instructor.

Online Course Fee

Online Courses - San Juan College requires all online courses to include some form of assessment to demonstrate the mastery of course objectives. This could include exams, capstone projects, e-portfolios, presentations, final papers or other appropriate assessments. The use of a proctoring platform, plagiarism detection software or other method to ensure that assessments are completed by the enrolled student is required.

A course fee of \$5.00 is assessed for all online courses at San Juan College to cover the cost of the above services. Students who are required to take a proctored exam and choose to use a physical testing center outside the SJC Testing Center or SJC Disability Services will be responsible for the cost of using that center.
