Section-specific Course Description:

Course Level Objectives

Upon successful completion of the course, the student will be able to...(numerical references are to the 2018 Health Information Management Associate Degree Curriculum Competencies)

1. Explain the use of classification systems, clinical vocabularies, and nomenclatures. (I.5.)
2. Validate assignment of diagnostic and procedural codes and groupings in accordance with official guidelines (IV.1.)
3. Describe components of revenue cycle management and clinical documentation improvement (IV.2.)
4. Determine diagnosis and procedure codes according to official guidelines (IV.1. RM)
5. Evaluate revenue cycle processes. (IV.2. RM)
6. Evaluate compliance with regulatory requirements and reimbursement methodologies. (IV.3. RM)

Prerequisites - Acceptance to the HIT Program, HIT Faculty Approval

Required Texts and/or Materials

Current Procedural Coding Expert 2024

9781622548651

2023-01-01

AHIMA Virtual Lab Access Code

9780010541403

Health Information Management Case Studies, Third Edition

9781584269137

Dianna Foley

2023-04-24

ICD-10-CM Expert for Hospitals

9781622548767

Kate Holden

2023-01-01

ICD-10-PCS 2024

9781622548880

2023-01-01

Required Technology and Software

- Canvas
- Chrome, Safari, or Firefox

Course Requirements

Students will do the following activities:

1. Be aware of your rights and responsibilities as a student at San Juan College. Review the content of the San Juan College Student Handbook. Make sure you review the College's Academic Honesty Policy on page 14 of the Handbook.
2. Read all information in this Course Guide and in the Getting Started and Course Guide modules in CANVAS.
3. Complete all activities and exercises on or before the due date.
4. Participate in the required Discussion Assignments .
5. Complete all AHIMA Virtual Lab Encoder Tutorials
6. Complete the assigned AHIMA Virtual Lab graded assignments as shown within the Modules page in the course in Canvas.
7. Complete all written assignments as per the grading rubrics and assignment instructions provided in Canvas.
8. Submit your ICD-10-CM and ICD-10-PCS or ICD-10-CM and CPT codes for all outpatient and inpatient redacted medical record cases shown within the Modules page in Canvas. This requires the use of one of the AHIMA Virtual Lab Encoder systems when submitting the case study answers.
9. Do Not Fall Behind because there is a lot of material to cover and it is extremely difficult to get caught up.
10. Complete the Proctored Final Coding Exam using your Clintegrity Encoder, ICD-10-CM, ICD-10-PCS coding manuals by the deadline posted in the course.

Proctored Final Exams

Note: Proctored Exams cannot be completed on a tablet or phone. They must be completed on a laptop or desktop computer. No resources (notes, books, etc.) are allowed during exam.

There ONE proctored exam for this course - the Final Exam. SJC uses SmarterProctoring to facilitate the scheduling of proctored exams. You will see a link to SmarterProctoring in your course in CANVAS.

There are three options you may choose from when deciding how your exam is proctored:

1. In person testing at the SJC Testing Center *This option is covered by the Online Course Fee. When scheduling, you should select "In-Person" then "San Juan College Testing Center".

2. Virtual Test Center (at home) with the SJC Testing Center proctors. (Note: a webcam is required)
*This option is covered by the Online Course Fee. When scheduling, you should select "San Juan College Virtual Test Center" then "Schedule a Hybrid Session".

3. Approved Testing Centers or Proctors - SmarterProctoring has a list of testing centers and individuals who are approved as proctors. Dual-credit students should check this list to see if any of their school officials are approved. *This option is covered by the Online Course Fee, except students will be responsible for any fees charged by testing centers outside of Farmington

A few things to keep in mind:

ALL students must schedule through SmarterProctoring to take their exams, whether using the SJC Testing Center, the Virtual Test Center, or other approved testing center/proctor.

All students must present photo identification in order to take the exam. We have had issues in the past with dual-credit students who do not have an ID. A school ID with your picture on it will be accepted. If you currently do not have a picture ID, please obtain one before you try to schedule your exam.

Students are responsible for paying any fees associated with completing any proctored exam.

If using the Virtual Test Center (at home), it is the student's responsibility to arrange a suitable location in which to take the exam. Public libraries are usually not acceptable as you need to be in a room by yourself. If you are taking the exam at home, make sure you are able to be in a room by yourself with no interruptions during the exam.

The Final exams must be completed during the dates listed on the Course Schedule.

Other Classroom Policies and Expectations

Read all announcements in CANVAS. ASK QUESTIONS. We are here to help! Reserve time to work on the course, 9-12 hours a week at a minimum. Brush up on your time management skills!

Grading

Final grades are calculated based on the following.

Category	Total Points Possible for All Assignments in Each Category
Discussions	70
Coding Assignments	300
Written Assignments	1750
Virtual Lab Assignments	1050
Assignments	60
Proctored Final Exam (Coding and Grouping Medical Case with Clintegrity Encoder)	52.5

To determine final grades for this course, students will submit the required assignments in CANVAS. No email submissions are accepted. Below is a summary of all graded work and how it contributes to the final grade. Letter grades are awarded by reviewing the final overall percent grade:

A= 92% or higher

B= 84–91

C= 76 - 83

D = 68-75

F = 67 or below

Course Time Commitment

Students are expected to spend approximately 9-12 hours per week for a 3-credit online course. This can include spending time in Canvas completing assignments, reading material outside of the online

classroom, and participating in various other activities which support success in the course.

Canvas Participation and Expectations

You are expected to log in to CANVAS and submit coursework at a minimum of four or more times a week. You are expected to submit AHIMA Virtual Lab assignments, discussions, written assignments, medical coding case answers, and any AHIMA Virtual Lab assignments for a grade as reflected in the Modules page in Canvas.

Participation and Attendance Policy

Please review the SJC Drop for Non-Attendance Procedure in the College Policies section of this document. As this is an online course, your “attendance” will consist of submitting required coursework by the due dates listed on the Course Schedule.

If work is submitted late, the following method will be used for grading: A 10% grade penalty will be assessed for work up to twenty-four hours late; an additional 10% will be assessed for each additional day the work is late up to one week (7 days). No work will be accepted after one week.

Instructor Response Times & Regular Interaction Expectations

Response time for messages in Canvas or by email is typically 24 hours excluding weekends, holidays, or scheduled time out of the office. The instructor will send out a notification if they will be out on scheduled time off. If circumstances prohibit this timeframe from being adhered to, students will be notified. Grading for assignments is completed the week after the submission deadline and require extensive manual grading due to the content and material provided within the exams. If the grades aren't automatically reflected in Canvas, are typically entered the grade book within a week after the assignment is due. However, if anything prohibits the grades from being entered or updated (i.e. being out of town for a conference) students will be receive a notification.

You can expect all course work to be graded within 72 hours after the due date. In instances where course work will require additional time for grading, an email will be sent to all students making them aware of the delay.

You are encouraged to post questions regarding course content in the Course Questions & Answers discussion forum.

You can also reach out to the instructor to schedule a time to meet during office hours. Please reach out to the instructor with any questions and to schedule a Zoom meeting.

Key Dates to Remember

Student Support

At San Juan College, we are committed to supporting your academic success and overall well-being. We recognize that college life can be challenging and stressful, impacting both learning and personal health. We are here to help you succeed.

Academic Support and Resources

We provide a range of academic support services to help you stay on track on your educational journey. Free resources include tutoring, computer loans, life skills workshops, and so much more. Visit the [Academic Support and Resources](#) webpage to learn more about support and resources available

through Academic Advising, the Tutoring Center, the Student Resource Center (formerly Student Achievement Center) and the Testing Center.

Student Support and Resources

If you or someone you know could benefit from counseling, accessibility services, career exploration, veteran transitional assistance, or any of our other support services, visit the [Student Support and Resources](#) webpage where you'll find detailed information about various resources available to you as an SJC student.

We encourage you to take advantage of these free resources to enhance your college experience and ensure your success.

College Policies and Resources for Current Students

The [Student Handbook](#) provides information on student support, student organizations, and student conduct policies at San Juan College.

The San Juan College catalog outlines the [Academic Policies](#) students need to know.

Healthy and Safe Practices for Being on Campus

We want a healthy and safe campus for students, faculty, staff, and guests.

Contagious diseases and your responsibility:

If you have COVID-19 symptoms, fever, flu or even the common cold, you should stay home. Do not come to campus if you are feeling sick. Contact your instructor about missing class (and review your instructor's policies on missed or late work). Being sick does not necessarily excuse you from completing your work on time.

Safety on campus and your responsibility:

If you are on campus and experience or witness an emergency, call 9-1-1 first and then the Department of Public Safety at 505-566-3333 (or just 3333 if calling from a campus phone).

When you are on campus, be aware of your surroundings. If you need an escort to your vehicle, call 505-566-4444 (DPS non-emergency line) or 505-215-3091 (officer on duty line).

The College will send information for campus emergencies through SJC AlertAware, email and the webpage. Stay informed and stay safe.

Inclement Weather Information

Students will receive notification of class delays and cancellations due to inclement weather via the SJC AlertAware and SJC student email. Face-to-face classes will not meet in person; however, students are advised to check with instructors about alternative meeting options, as some may choose to meet via zoom. Hybrid classes will meet as scheduled via zoom. For questions regarding your class delay or cancelation, please contact your instructor.

Online Course Fee

Online Courses - San Juan College requires all online courses to include some form of assessment to demonstrate the mastery of course objectives. This could include exams, capstone projects, e-portfolios, presentations, final papers or other appropriate assessments. The use of a proctoring platform, plagiarism detection software or other method to ensure that assessments are completed by the enrolled student is required.

A course fee of \$5.00 is assessed for all online courses at San Juan College to cover the cost of the above services. Students who are required to take a proctored exam and choose to use a physical testing center outside the SJC Testing Center or SJC Disability Services will be responsible for the cost of using that center.
