

COSD 125-MANICURING/PEDICURING II 3 CREDITS

SYLLABUS

This course focuses on advance nail techniques, nail enhancements, nail art, design, tips, forms, wraps, gels, overlays, acrylic, shellac, and fiberglass nails. Work will be supervised under a licensed professional.

Prerequisites: None

Semester Offered: All

Common Student Learning Outcomes

Upon successful completion of San Juan College programs and degrees, the student will demonstrate competency in...

BROAD AND SPECIALIZED LEARNING

Students will actively and independently acquire, apply, and adapt skills and knowledge with an awareness of global contexts.

CRITICAL THINKING

Students will think analytically and creatively to explore ideas, make connections, draw conclusions and solve problems.

CULTURAL AND CIVIC ENGAGEMENT

Students will act purposefully, reflectively, and ethically in diverse and complex environments.

EFFECTIVE COMMUNICATION

Students will exchange ideas and information with clarity in multiple contexts.

INFORMATION LITERACY

Students will be able to recognize when information is needed and have the ability to locate, evaluate, and use it effectively.

INTEGRATING TECHNOLOGIES

Students will demonstrate fluency in the application and use of technologies in multiple contexts.

Student work from this class may be randomly selected and used anonymously for assessment of course, program, and/or institutional learning outcomes. For more information, please refer to the Dean of the appropriate School.

Course Learning Outcomes

Upon successful completion of the course, the student will be able to...

1. Study state laws and rules and explain the differences between them.
2. Conduct successful client consultation/needs assessment.
3. Prevent overexposure principle and its application to nail care products.
4. Demonstrate the proper procedures for advance manicures and pedicures.
5. Perform the proper procedure and precautions to use in applying nail tips.
6. Exhibit the proper removal of tips.

7. Perform the practice technique for the cuticle area.
8. Demonstrate the proper procedure and precautions to use in applying nail tips.
9. Execute the proper procedure and precautions for fabric wrap removal.
10. Implement the proper procedures for applying two-color monomer liquid and polymer powder nail enhancements using forms over nail tips and on natural nails.
11. Participate in mock boards for state licensing examination and securing the required credentials for nail technology.
